Tony and Andy's trip to Grand Cayman by Tony

We flew from MV to JFK, grabbed lunch and flew to Cayman. We arrived in the afternoon. It was hot!! 85 degrees! We took a taxi to the resort. They drive on the left there!

We had a really nice room at the Marriott and you could see the ocean and palm trees outside our window. There were turtles in the pond. Swimming was good. We had really good sushi for dinner outside with a saxophone player who happened to be blind playing music.

The next day we went on a boat and went snorkeling. The captain warned us to not go beyond the breakwater at the reef because it was so deep (22 thousand feet deep and pitch dark). We got out and were able to hold stingrays. They were smooth and heavy and friendly. That was the best part of our trip.

Ashley, Grace, Dale and Mark take aim, with many awaiting their turn. Tony (on right) waits to retrieve his arrows.

Wheel of Fortune Live! by JP

During a recent visit to Los Angeles, I decided to take on the new experience of attending “Wheel of Fortune” in the studio audience. Interestingly, tickets are free, and only require reserving in advance online. It was a high energy experience seeing three shows recorded one after the other. I also gained insight into the technical angles of the show, such as their using four cameras for filming, and how far the distance actually is between the contestants and the scoreboard.

The Sail MV Event at the Edgartown Yacht Club by Ally

I went to the Edgartown Yacht Club on April 17th to celebrate the success of the programs at Sail MV. The Yacht Club is a beautiful place. I was invited because I had sailed last summer at Sail Ability. The event was to thank everyone who had been part of Sail MV. We met the racing team from the High School. The food was really good (sushi, pizza and cookies). I saw people that I knew there including Andy from Sail MV, Rizwan from the Edgartown Library, Kevin McGrath and Connor (who loves trains) and McGuire and Luna. I also saw Tracy whose son Griffin is a sailing instructor. I will be sailing again this summer with Sail MV.

Sailing begins July 2 and will be on Thursdays at 2:00 through mid-August.
Please let Beth (774-563-8391) or Allison (508-627-0143) know if you are interested.

Mark, Ann, Nathan and Grace in "The Love Train" at the MV Center for Living party after the annual walk

News from Greg: On Mother's Day, Margo, Ashley and I went to the movie "Sheep Detectives" at the Edgartown Theatre. It was really good. You have got to see it. Then we went to my mom's gravesite and put down flowers. On Sunday May 16, the MV Center for Living had a walk from Noman's all the way to the Jaws Bridge and back. Then we had lunch and danced to the music by the Seven Hills band. It was a lot of fun.

Tony, the helper and friend by Donald and Dale

Tony gives us a ride to and from art lots of Sundays. We often meet up for lunch first at one of the W's--Woodlawn or Waterside. On our way home, we might stop by Cronigs to pick up groceries. Then Tony drops us home. Tony is a good guy and a real friend.
